SALES MANAGER

Louis Latimer, Phone: Office 23, Residence R1616, Olds. Write Box 837, Olds, Alta.

Remitall, Rockville or Braeside have never hesitated to put their cattle in the show ring for comparison with others and to publicize Shorthorns. Many Championships have been won and most of the top breeding matrons were former champions.

This is one of Remitall herdsman Jim Lees' favorite show herds.

FRIENDS AND FELLOW BREEDERS

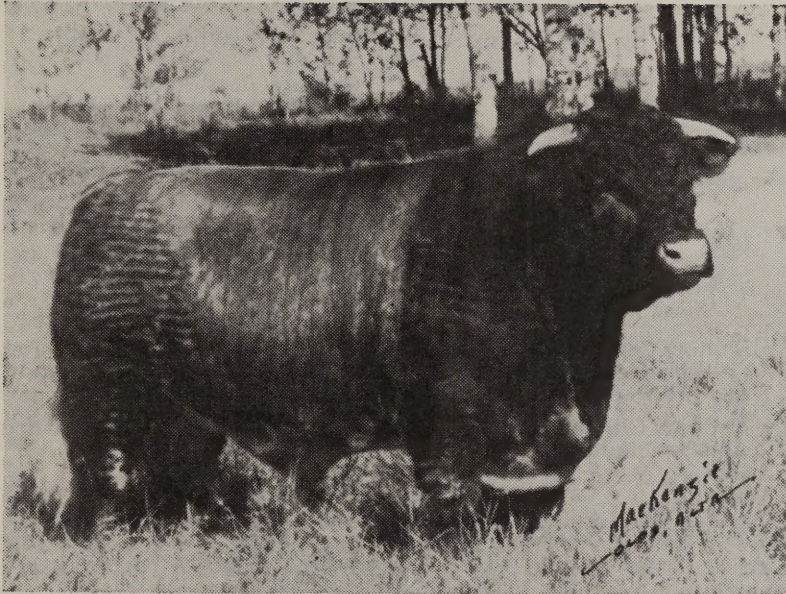

Welcome to our sixth annual production sale. It has become a great event with us to have you with us each year, and to share the fellowship of the occasion. The challenge to better each year's efforts have come to be a every day word here, and we continue to look years ahead in our planning. The people we associated ourselves with in the building of Remitall have been great and we deeply appreciate their assistance.

The three herds in this sale have done much to make available the best working bloodlines wherever they could be found. Last year the Rocks bought two sons of Bapton Constructor to Alberta. Ian Brown purchased the Saltoun cow herd in a unit as well as Scotsdale Kingusie, bred by S. G. Bennett. Remitall in the last two years imported two Fontana bulls from Wisconsin, U.S.A., a Hi-Ho heifer from Maryland, a Cruggleton War Bond cow and heifer calf from Odessa Washington, and Kelburn Great Event, from Richardsons at Winnipeg. From Louada Farms Ontario, came Louada Voucher, Louada Clackan and Beaufort Fortune. Females were added from Hills disperson, Dalbo Realities disperson and the complete W. E. Snyder herd of Didsbury.

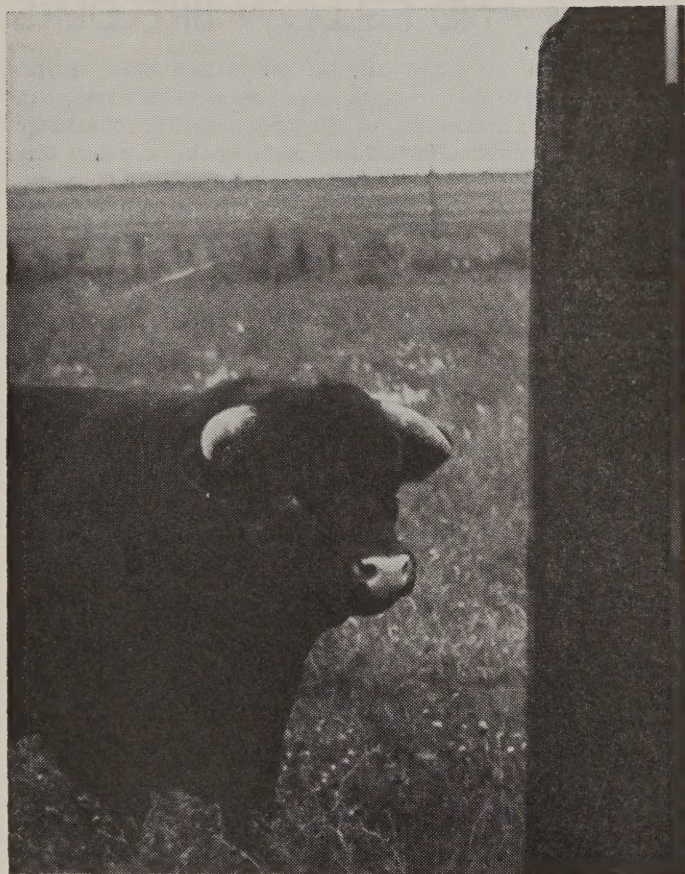

With but a few exceptions our sale offering is made completely of home bred cattle. They have done well for us, they will do well for you.

Whether you need cattle or not we welcome you to Remitall. We will be proud to have you and your friends and hope you will enjoy the day.

Kelburn Clipper Beatrice is out of the (imp) Muirside Beatrice cow by Bapton Battleship.

All these animals have made history, we consider this a very strong pedigree and Great Events first calves give every indication they will carry on the same.

KELBURN GREAT EVENT — First prize Sr. calf at Calgary, Edmonton and Montana State Fair and Reserve Junior Champion at Edmonton. The same day his dam won another of her many championships. Another great day for her was the day Great Event was born, she was made Grand Champion of The Canadian National Exhibition. We selected Great Event at 3 months of age.

International champions have come from his daughters Blood Royal 34th is out of the same cow as the \$30,000 Louada Bonaparte. Millhills Climax a junior champion at Perth and sire of several Perth winners. Ballechin Rose Clara (IMP) purchased at \$1,075, top of 1951 Cammaert sale. She is the dam of Remitall Monarch's Climax sold at \$2050 to Hymus of Rosebud and granddam of Remitall Frosty Consort, sire of many of our better females.

REMITALL GALAHAD, 1958 Edmonton Futurity interbreed supreme champion. Sold to Louada Farms, Ont. We repurchased him in 1959. He was Grand Champion at Edmonton and Sr. and Reserve at Montana State Fair, 2nd at Toronto Royal. Supreme champion beef animal, Olds Fair 1960; Reserve Champion Millarville Fair. Galahad weighed 850 lbs. at 9 months and 1625 lbs. at 24 months. We are getting some smooth, straight lined calves from Galahad that should do well for us.

Louada Voucher is a tremendous sized calf by the \$50,000. Constructor and a number of the Sale heifers will be bred to him. A calf by Voucher will be a real dividend.

You can't build a ten-storey building on a one-storey foundation, Voucher has the foundation for a terrific sized bull.

Morphie Victoria Mam is the granddam of the \$7,000 1957 Congress sale top and the 1959, \$4000 Congress sale top.

It is a great tribute to Mr. Cadesky, a breeder to have brought to this continent a bull as great as Bapton Constructor.

Lots 10, 11, 25 and 26 are by Comet.

Chicago Congress 1958 Sale top, Scotsdale Marshall.

Clachan and Voucher were both alike and were brought up, one for the herd and one for the sale. Each bull has his supporters and we were reluctant to have to make a decision on them. Clackan's great burly head and bone, his deep flank are going to put somebody right on top. We are mating a number of our cows to this calf before he gets away.

BAPTON CONSTRUCTOR, sire of Voucher and Clachan. His first two crops of bulls averaged over \$5,000 apiece, and his top son was sold privately at \$30,000 to Carlos Duggan, Argentina. The test of any bull is the ability of his sons to transmit for their owners, and the third generation are marking Constructor as the world's greatest. You would only have to see Kineller Royal Robin, or Vor Ber Mar Roan Robin (1959 Iowa State Fair Champion bull), to realize the value of this potent Blood line.

FLASH! The C.N.E. Grand Champion Bull, a grandsire of Constructor was shown by Reford Gardhouse.

Carroll likes to call your attention to the ancestry of this bull. All six of the above animals have won championships from Illinois and Missouri to Alberta. It's a pedigree noticeable by the absence of a mediocre animal. We have five daughters of Old Missouri in the herd. A half brother to his sire Remitall Perfect topped our 1957 Sale at \$1,425 going to Harry Maughans of Ronan, Ont. This summer his first calves won both Sr. and Jr. Get-of-Sire, in strong competition at the Montana State Fair.

Fortress has been selected to go to the Toronto Royal and we reserve the right to show him.

REMITALL FORTRESS, second in class and first in Pr. of Bulls, interbreed competition, Edmonton Futurity 1960. A full brother of Remitall Ruby Constance, Reserve Champion 1959 Toronto Royal.

Left to right: Remitall Ascot, Remitall Nelson, Remitall Fingerprint, Lot 6. Remitall Alcott Lot 3, and Remitall Grand Duke.

This is the way we like our bulls - rugged and ready — rugged to breed stamina into someone's cattle — ready to do well for their new owner. The bulls at Remitall are all raised in pastures and know how to get their feed off the ground.

REMITALL FORMULA, is out of the same cow as Remitall Lady Butterfly, Grand Champion at '58 Calgary National Show.

Hayward Monarch, Res. Champion 1948 Toronto Royal and Herd Sire for Cyrus Eaton is also out of the same family.

REMITALL CONSORT has been used successfully in the Remitall herd for three years. We have a wonderful group of his heifers for herd replacements. His first bull calf, made a 15-month gain of 2.8 lbs. a day and won Res. Championship and was second high selling bull at Lacombe Bull sale. His first heifer calf was Res. Jr. and Res. Grand at Montana State Fair, also Res. Grand at '59 Toronto Royal. At Montana State Fair his calves also won the Sr. and Jr. Get-of-Sire groups. Remitall Grenadier, another son of Consort and a full brother to Lot 12 was Res. Jr. Champion and first prize summer yearling at Calgary and Edmonton Exhibitions and Edmonton Futurity (59). Consort has been shown at 9 exhibitions and won 3 Grands and 4 Res. Grand Championships. His Dam was undefeated in 1950 and 1951.

The Rockville Shorthorn Herd was classified by the Canadian Shorthorn Association. Percentage of the various grades were as follows:

AAA	-	-	-	-	-	9%
AA	-	-	-	-	-	63%
A	-	-	-	-	-	18%
B	-	-	-	-	-	10%

Many of these sale heifers are out of graded cows. They should end up grading no worse than their mothers. Most of the sale heifers are by Moray Jacobite the \$1650. son of Millhill Jubilee that we purchased in 1956. His first crop of 7 bull calves averaged \$1306.

It is a pleasure to combine again with Remitall this year and we hope your trip to the Sale is both pleasurable and profitable.

Phillip Rock.

THE BACK END

—

SEE YOU NEXT YEAR.

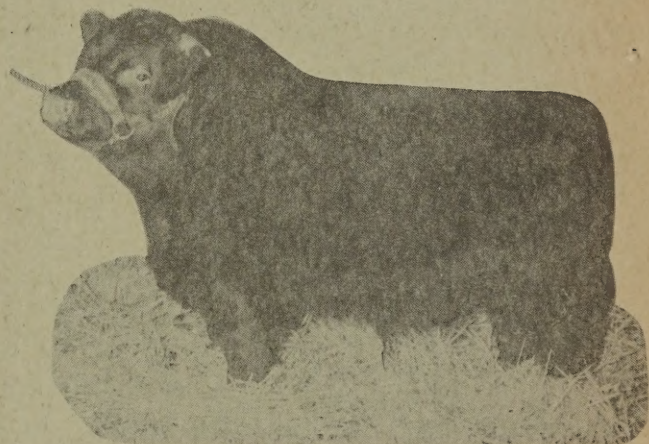

This is a group of over 30 Bull Calves at Remitall last winter. Our sale offering was raised in this group. We feel this is quality you can build on.

WE FEEL YOU ARE ENTITLED TO OUR BEST EFFORTS

VISIT OUR FARM AND SEE WHAT IS IN STORE FOR YOU!

This is a group of the Aldonlea herd we purchased in 1954. Our interbreed Champion bull this spring came from one of these cows.

REMITALL NOBLE, a brother to Remitall Great Event at Cuthbert Sharps at Lacombe. Also our bulls going to the Denver Show in January.
